OEKO-TEX® Standard 100

Product Care

AKUART is made with a form-stable stretched fabric which does not wrinkle or fold when mounted on the frame. The canvas is easily cleanable with bleach and can be machine washed at high temperatures (194 F), making it an ideal solution for pathogen concerns and healthcare environments. AKUART's unique design makes it possible to quickly and easily detach and replace the canvas, providing the option to change and update the print.

Standard On The Wall Installation

Installation

Screw the mounting clips into the wall and attach the frame to hang. For oversized products, additional on-site frame assembly may be required.
