	Metric	Standard	Thickness	Weight/Screen	SF/Screen
EchoScreen	1168.4mm x 2387.6mm	46 in. x 94 in.	12mm	15 lbs	30

*All specs refer to singular products and not multiples unless specified. Due to the nature of the material, cutting and fabrication process, minor dimensional variances may occur. Custom options available upon request. EchoScreen is sold individually and ships flat.*

**EchoScreen**

Privacy is precious. Today's open-plan offices, schools, and living quarters can result in visual and acoustic distraction. EchoScreens, made of sound-absorbing EchoPanel®, help reduce sonic and visual over-stimulation for healthy, productive spaces. EchoScreen room dividers, which can be mounted to the ceiling or walls, are a great modular solution for visual and acoustic space division in today's open environments and can be mounted on the wall or ceiling.

**NRC (SOUND ABSORPTION RATING): ASTM C423-90A**

Standard EchoPanel NRC acoustic data is available for acoustic calculations. Please contact Kirei for this test data.

**Fire Rating**

ASTM E84 Class C (Class A treatment available.)

**VOC Emissions**

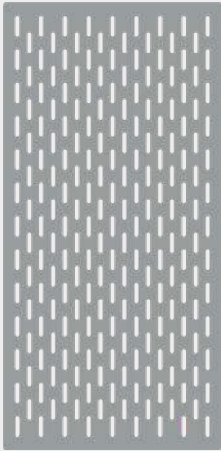

CDPH (CA 01350) Compliant; TVOC: <0.5 mg/m3  
 Ecospecifier GreenTag Compliant;  
 TVOC: 0.015 mg/m2/hr (ASTM D5116)

Have a design in mind for EchoScreen? Contact Kirei for information on how to create custom EchoScreens.

## Hardware & Installation

EchoScreens can be hung from ceilings or walls using standard provided hardware or custom installation. Download the EchoScreen Installation Guide at [www.kireiusa.com](http://www.kireiusa.com) for detailed information.

### Wall

EchoScreens may be mounted on walls using adhesive, screws or standoffs, and may even be mounted on glass using suction cups.

### Ceiling

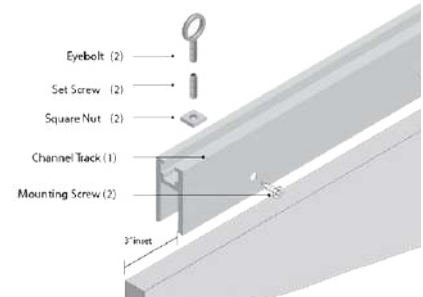

Each standard EchoScreen includes our proprietary channel track, plus two attachment hardware sets. Hanging options include 1/4"-20 set screw and eyebolt fasteners to enable hanging with cable, rod and other premium hanging hardware.

Visit [www.kireiusa.com](http://www.kireiusa.com) and download the EchoScreen Installation Guide to see additional hardware capabilities.

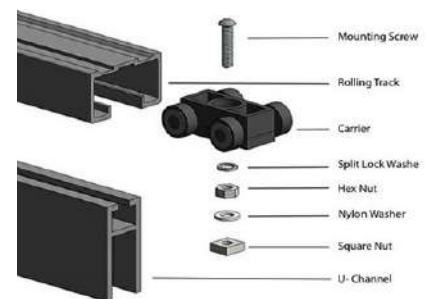

### Rolling Track

EchoScreen may be used as a moveable wall element by mounting panels using the EchoScreen Rolling Track. Track can be installed in continuous runs or side-by-side for bypass or overlapping screens.

For more information on the Rolling Track installation method, please review the EchoScreen Installation guide available at [www.kireiusa.com](http://www.kireiusa.com).
