The Tao of Kirei:

Pronounced "Key'-ray," Kirei is the Japanese character signifying "clean" or "beautiful."

We have chosen Kirei as the name for our company to reflect our dedication to the principles of elegant, sustainable design.

Environmental Benefits

Rapidly Renewable

Kirei Bamboo veneers are made using the rapidly renewable Moso bamboo grass. Its fast growth ensures a constant supply of material and reduces pressure on forest clearcutting and habitat destruction. (Panda-safe!)

Low emissions:

Kirei Bamboo is made using a low-emission Urea Formaldehyde adhesive. Kirei Zero™ Bamboo uses a no-added-urea-formaldehyde adhesive. If your project requires NAUF bamboo, please specify Kirei Zero™ Bamboo when ordering.

Kirei Veneers and LEED

Kirei design elements can help your projects gain LEED credit for environmentally friendly construction.

Kirei Edge Tape specifications:

Width: 22mm (7/8"), 44mm (1-3/4")
