ECHOCLOUD ZIGGY

Acoustic Ceiling Solution

Delight in better sound by dampening overhead reflections with the acoustic absorption of Ziggy. Perfect for those open, high-ceiling spaces where ambient sounds often clash and distract, Ziggy sits above it all with minimalist edge. Ziggy is easy to install with looped cable and is available in a variety of colors from neutral to vibrant tones. Customization is also available for your unique design concepts.

Specs

Style	Standard (LxH)	Depth	Weight	SF/Unit
Ziggy	46 in. x 72 in.	3.94 in.	18 lbs	22.8

All specs refer to singular products and not multiples unless specified. Due to the nature of the material, cutting and fabrication process, minor dimensional variances may occur. EchoCloud Ziggy is sold individually with two aluminum tubes or two wood dowels. It ships flat and is folded prior to installation.

Designer	Kirei
Panel Thickness	12mm EchoPanel®
Material	EchoPanel®, a registered trademark of Woven Image®, is PET felt made with at least 60% post-consumer content.

542 Black

550 Onyx

551 Duck Egg

576 Magenta

579 Pistachio

580 Sage

633 Pacific

660 Coronet

908 Cream

Installation

Ziggy is designed for looped 3/64" to 1/16" aircraft cable to be attached to the oval extrusion from 1 to 3 folds from each end (4 cable drops) when using the aluminum tube. This allows for alignment to the best ceiling structure and/or avoidance of overhead intrusions. If using the wooden dowel, four screw in hooks will be provided as hanging points and then can be attached to the ceiling with aircraft cable. For more information, see the [EchoCloud Ziggy Installation Guide](#).

Aluminum Tube Hardware

Wooden Dowel Hardware

Custom Printing with Kirei Ink

Ziggy can be custom printed in house with Kirei Ink. We would love to work with you to print your own custom color, pattern, graphic or material. Reach out and our team will be ready to assist!
