MURA WALLCOVERING

Acoustic Wallcovering

Mura is a simple, chic, and sleek acoustic solution for unforgiving surfaces. Mura is an innovative wallcovering made from recycled plastic bottles. With the flexible Mura fabric, it's easy to take on harsh echoes and uneven surfaces at the same time. By wrapping curved walls, corners, or desk partitions in beautiful Mura, you'll make the most of every wall.

Installation

When mounting, use standard construction adhesives (e.g. Liquid Nails/Titebond - NOT PVA glue). Clean and prepare surface per adhesive guidelines. Spread adhesive evenly on the wall using a long-pile roller, leaving 2" space at edges. Adhere to wall surface, evenly pushing the material against surface per adhesive open time/instructions. See the [Mura Wallcovering Installation Guide](#) for more information.
