

A large, purple, geometrically patterned acoustic baffle hangs from a ceiling in a modern interior space. The baffle is composed of many triangular planes, creating a complex, crystalline structure. It is suspended by thin wires. In the background, there is a white brick wall and a wooden shelf with various items, including a potted plant and some containers. The overall aesthetic is contemporary and minimalist.

TESSELLATE BAFFLES

Acoustic Baffles

Run circles around soundwaves with this innovative new cylindrical baffle composed of triangular planes. While acoustic baffles have often been an afterthought, the Tessellate Baffle turns them into a key design element and focal point with its patent pending design and creative cutting techniques. The Tessellate Baffle comes standard in 42", 50", 75", 97" lengths and is available in more than 30 colorways.

Product shown: Tessellate Baffles in Orchid

Specs

Style	Standard (LxH)	Width	Weight	LF/Unit
42" Baffle	42" x 7.5"	7.09"	4 lbs	3.5
50" Baffle	50.34" x 7.5"	7.09"	4 lbs	4.2
75" Baffle	75" x 7.5"	7.09"	6 lbs	6.25
97" Baffle	96.5" x 7.5"	7.09"	8 lbs	8.04

All specs refer to singular products and not multiples unless specified. Due to the nature of the material, cutting and fabrication process, minor dimensional variances may occur. Baffle lengths can be adjusted up or down in increments of 4.18". The minimum length for a custom sized baffle is 17.72". For longer length rows, baffles can be installed side by side. The lengths will vary slightly due to the complex folded nature of the product and could vary .5"-1.5".

Designer	Kirei
Material Thickness	12mm
Material	100% PET (60% post-consumer recycled content)
Fire Rating	ASTM E84 Class A
Custom Options	Available upon request
Lead Time	4-6 weeks (1-100 baffles) 6-8 weeks (100-200 baffles) <i>For larger quantities, lead times determined per order</i>
VOC Emissions	CDPH (CA 01350) Compliant TVOC: <0.5 mg/m3

*Actual lead times are determined when the project goes into production and can change based on production schedule and all quantities, color and thicknesses being in stock at time of order. See [Kirei's Product Lead Time Disclosure](#) for more information.

Acoustic Data

Sound Absorption

Frequency	250Hz	500Hz	800Hz	1000Hz	2000Hz	4000Hz	NRC
m ² /Object	3.00	6.07	6.91	7.06	9.58	10.33	0.55

Acoustic data is measured in Sabins per Tessellate Baffle at 12" spacing.

Color variation between dye lots is a natural characteristic of recycled PET felt due to the manufacturing process. Slight differences between samples and finished product may occur.

Installation

Tessellate Baffles are shipped ready to install. Each baffle has two-four attachment points (depending on style) with preset screws. To install Tessellate Baffles, attach ceiling mounting hardware and suspension cable/chain/rod/etc. with the appropriate connector - the supplied Griplock cable gripper or a different connector of your choice - at the bottom end. Once the ceiling hardware is installed, attach the connector to the supplied attachment hardware on the Tessellate Baffle and level the baffle. For instructions on how to install baffles in a variety of ways, see the [Tessellate Baffles Installation Guide](#).

Note: Kirei does not provide ceiling mounting hardware or cable/chain/rod.
