

AKUART: HANG WITH ME

Suspended Acoustic Design Elements

Suspended frame with integrated wire locks and cable

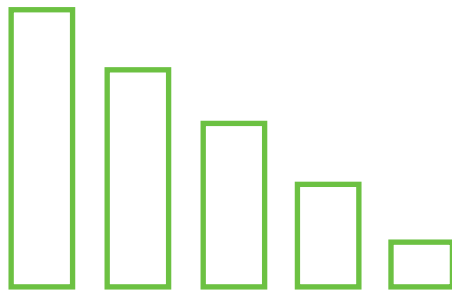

Hang With Me (Custom Art)

Product Description

Hang With Me is a set of suspended acoustic art panels with a replaceable printed canvas on both front and back sides. Made from sustainable materials, it is characterized by combining high acoustic functionality with a simple and strong graphical composition.

It is possible to configure the suspended panels as needed to fit any interior space. This makes Hang With Me a natural choice when creating acoustic zones in open workspaces.

Product Care

AKUART is made with a form-stable stretched fabric which does not wrinkle or fold when mounted on the frame. The canvas is easily cleanable with bleach and can be machine washed at high temperatures (194 F), making it an ideal solution for pathogen concerns and healthcare environments. AKUART's unique design makes it possible to quickly and easily detach and replace the canvas, providing the option to change and update the print.

Installation

Common aircraft cable attached to the frame's integrated wire locks as well as floor and ceiling mounts. They can also be used as a divider in front of glass walls to increase visual privacy.
