**EchoTile Wave**

EchoTile Wave helps you design healthy rooms easily with style by adding motion, dimension, and acoustic control to any wall or ceiling. Thermoformed Wave tiles are lightweight and highly sound absorbent with a speedy clip system that enables fast installation. EchoTile Wave achieves Class A fire rating right out of the box, and has at least 60% recycled content to help contribute to LEED credits. Each box contains 9 tiles plus clips for 3 tile x 3 tile installation.
